COMPANY INTRODUCTION

WELCOME TO THE WORLD OF LA TIM GROUP.

The group is built on a foundation of trust, transparency and a commitment to excellence.

The LA TIM Group was established in 1986 and has today grown into many business verticals, giving our partners many opportunities to soar with us.

From Steel to Hospitality and Realty, LA TIM Group brings varied experiences and opportunities to its customers.

We call it a spectrum of possibilities.

LATIM STEEL

Since decades, LA TIM Metal & Industries Ltd. has established itself as a known name in the steel industry. With the goal to be a leading provider of high-quality coated steel products, we consistently exceed our customer's expectations through continuous innovation, exceptional service and sustainable practices.

With a **vision** to go beyond, to explore innovations to cater to the needs of the growing infrastructure of the country by developing new products thereby creating multiple possibilities for our customers.

We are committed to enhancing the durability, aesthetics and performance of steel through advanced coating technologies, while maintaining a strong focus on customer satisfaction, employee well-being and environmental stewardship.

By delivering superior solutions, we aim to contribute to the success and growth of our customers, employees and communities, while consistently creating value for our stakeholders.

SELF DRILLING SCREWS

Self drilling screws that are new age for easy and convenient drilling, making construction more convenient.

We deal in a vast range of self-drilling screws that are ideal for a wide range of steel substrate as well as timber fixing. They are suitable for most self drill screw applications, offering impeccable drilling performance and exceptional durability. With intensive product and design development. Our heavy duty screws offer drilling and fastening with an ease of operation. They also offer faster installation time, corrosion resistance, high load bearing capacity and enhanced service life for helping to create a sustainable & better projects.

OUR SCREWS RANGE

Meta Drill

Poly Drill

Timba Drill

META DRILL

Meta-drill series is specifically designed for fixing steel sheets into steel substrates.

Valley Fixing Fasteners

(for fixing steel sheets into steel substrates)

Features:

- Hex flanged washer head
- Premium washer
- Head mark

Sizes:

- #10*19mm
- #12*25mm

Stitching Fasteners

(for fixing steel sheets into steel substrates)

Features:

- Hex flanged washer head
- Premium washer
- Head mark

Sizes:

- #10*19mm

Crest Fixing Fasteners

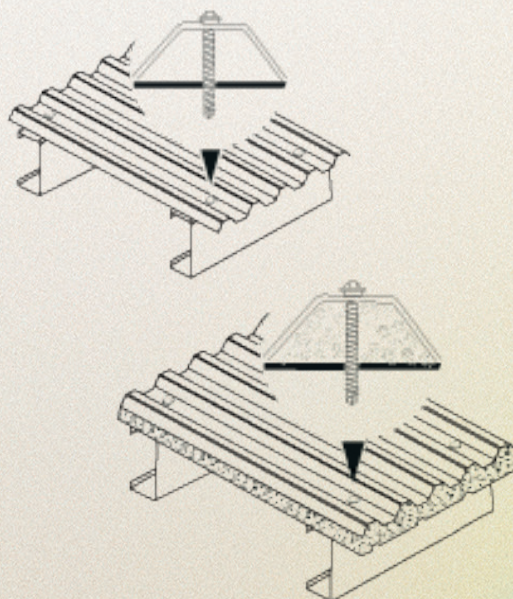

(for fixing steel sheets into steel substrates)

Features:

- Hex flanged washer head
- Premium washer
- Head mark

Sizes:

- #12*45mm
- #12*55mm

POLY DRILL

Poly Drill series is specifically designed for fixing polycarbonate sheeting to metal.

Skylight screw fixing fasteners

(for fixing polycarbonate sheets into metal)

Sizes:

#12*55mm

Features:

- Hex washer flange
- Expansion wings
- Premium washer
- Thunde-shot point

TIMBA DRILL

Timba- Drill series is specifically designed for fixing roofing sheets into timber.

Crest fixing fasteners

(for fixing steel sheets into timber)

Features:

- Hex flanged washer head
- Premium washer
- Head mark
- Type 17 sharp point

Sizes:

#12*55mm

Valley Fixing Fasteners

(for fixing steel sheets into steel substrates)

Features:

- Hex flanged washer head
- Premium white washer
- Head mark
- Type 17 sharp point

Sizes:

#10*20mm

#10*25mm

PRODUCT APPLICATIONS

Roofing

Cladding

Dry Wall
